

# Glynn Griffing & Associates Benefits MasterCard® Debit Card

## Get Reimbursed with the Swipe of a Card!

### This MasterCard® Debit Card Reduces...

- Out-of-Pocket Expenses
- Time spent filling out claim forms
- Waiting on reimbursement checks

### Advantages of the FSA Debit Card...

- Payment comes directly from your reimbursement account, so there is no need to pay out-of-pocket for eligible expenses.
- Up-to-date account information can be accessed online and through the GGA myBenefits mobile app, so you can check your balance and review your transactions at any time.

### FSA Debit Card can be Used...

- The Benefits Debit Card is accepted at IIAS certified healthcare and non-healthcare merchants.
- Qualified merchants include physician and dental offices, hospitals, and vision care providers.
- The FSA Debit Card is also accepted at IIAS approved pharmacies, grocery stores, and discount stores for RXs and other eligible FSA items.
- You will not have to submit receipts to verify purchases at IIAS approved merchants.

### Important Things to Remember...

- Your card will be activated upon first use.
- There is not PIN required to use your FSA Debit Card—simply swipe as a credit card.
- Cards are pre-loaded with your annual election.
- Cards are issued for a 3 year period.
- You should keep all itemized receipts in the event that you are asked to submit them for eligibility verification per IRS regulations.
- You can login to your personal account at <https://glynn.info> 24/7 to access all of your FSA information.
- You may receive an email from [noreply@glynn.info](mailto:noreply@glynn.info) asking you to login to your personal account to view time sensitive information regarding your debit card swipes. Failure to send requested documentation by the specified date may result in your card being temporarily deactivated.
