Benefits MasterCard® Prescription-Only FSA Debit Card

Get Reimbursed with the Swipe of a Card!

This MasterCard® Debit Card Reduces...

- Out-of-Pocket Expenses
- Time spent filling out claim forms
- Waiting on reimbursement checks

Advantages of the FSA Debit Card...

- Payment comes directly from your reimbursement account, so there is no need to pay out-of-pocket for eligible expenses.
- Up-to-date account information can be accessed online and through the GGA myBenefits mobile app, so you can check your balance and review your transactions at any time.

FSA Debit Card can be Used...

- The RX only FSA Debit Card is **only** accepted at IIAS certified pharmacies, grocery stores, and discount stores.
- The debit card may be used for prescriptions and other eligible items.
- You will not have to submit receipts to verify purchases at IIAS approved merchants.

Important Things to Remember...

- Your card will be activated upon first use.
- There is not PIN required to use your FSA Debit Card— simply swipe as a credit card.
- Cards are pre-loaded with your annual election.
- Cards are issued for a 3 year period.
- Over-the-counter purchases will not be eligible unless prescribed by a physician.
- If your card is declined for a RX, the merchant may not be IIAS certified or the balance of your account may not cover the amount of the card swipe.
- You can login to your personal account at <https://glynn.info> 24/7 to access all of your FSA information.

IIAS Certified Merchants...

- Walmart Pharmacy
- Walgreens Pharmacy
- Sam's Club
- Kroger Pharmacy
- CVS Pharmacy
- fsastore.com
- Fred's Pharmacy
- Target Pharmacy

Many other local pharmacies are IIAS certified.

To Order Additional Cards...

Send an email to support@glynn.info with your name, your employer's name, and the name to be printed on the debit card.

Call (601) 982-0331 for additional information or if your card is lost or stolen.
